

**Trumbull County Board of Health – Regular Meeting
September 25, 2024 – 1:00 PM
194 W. Main St. * Cortland, Ohio 44410**

BOARD MEMBERS PRESENT: Louis Adovasio
Robert Biery, Jr.
Gregory Dubos
Dr. Harold Firster
John “Jack” Simon, Jr., President Pro Tempore
John Messersmith, President

BOARD MEMBERS NOT PRESENT: Kathy Salapata, RN

STAFF: Frank Migliozi, MPH, REHS, Health Commissioner
Erin Heckman, RN, Director of Nursing
Kristofer Wilster, MPH, REHS, Director of Environmental Health
Jenna Amerine, MPH, CHES, Grants Coordinator
Daniel Bonacker, MPH, EHSIT, Accreditation Coordinator
Daniel Dean, MBA, CPA, IT Specialist
Kristopher Kriebel, MS, CHES, Health Educator
Johnna Ben, Administrative Coordinator

OTHERS: James Enyeart, MD, Medical Director
Robert Kokor, Legal Counsel

MINUTES

- I. **The meeting was called to order at 1:00 pm, and the Pledge of Allegiance was said.**
- II. **Adoption of Agenda: *MOTION: 24-190*** made by Mr. Dubos, seconded by Mr. Simon, to adopt the agenda as presented.

Roll Call Vote:

Mr. Adovasio – Yes
Mr. Biery – Yes
Mr. Dubos – Yes
Dr. Firster – *Not Yet in Attendance*
Mr. Simon – Yes
Mr. Messersmith – Yes

Motion carried.

- III. **Approval of Minutes: *MOTION: 24-191*** made by Mr. Adovasio, seconded by Mr. Biery, to approve the minutes of the August 14, 2024, meeting as presented.

Roll Call Vote:

Mr. Adovasio – Yes

Mr. Biery – Yes
Mr. Dubos – Yes
Dr. Firster – *Not Yet in Attendance*
Mr. Simon – Yes
Mr. Messersmith – Yes

Motion carried.

- IV. Health Commissioner Report:** Mr. Migliozi provided a written report to the Board for their review. In addition, Mr. Migliozi informed the Board that we are beginning some modifications to our parking lot today, and will be having it repaired in areas, resealed and restriped. One of the requirements of accreditation is conducting a community health needs assessment (CHA), and ODH had local health districts align their cycles with local non-profit hospitals. For the last two cycles, we have worked with Mercy, but we have been informed by Mercy that they will not be aligning with us or Mahoning County Health District on our CHA. This is unfortunate; however, we are going to continue to work with Mahoning County Health District on the CHA, and will be meeting next week to discuss how this will look without the participation of Mercy Health. Mr. Adovasio questioned why Mercy Health has decided not to work with Trumbull or Mahoning counties. Mr. Migliozi stated that it was his understanding that, since they have so many facilities throughout several counties, they had decided their facilities would all work together within the Mercy hospital system.

MOTION: 24-192 made by Mr. Adovasio, seconded by Mr. Biery to accept the Health Commissioner’s written report as provided.

Roll Call Vote:

Mr. Adovasio – Yes
Mr. Biery – Yes
Mr. Dubos – Yes
Dr. Firster – *No Vote Taken*
Mr. Simon – Yes
Mr. Messersmith – Yes

Motion carried.

Dr. Firster entered the meeting at 1:06 pm.

MOTION: 24-193 made by Mr. Adovasio, seconded by Mr. Biery to accept Dr. Firster into the meeting.

Roll Call Vote:

Mr. Adovasio – Yes
Mr. Biery – Yes
Mr. Dubos – Yes
Dr. Firster – *No Vote Taken*
Mr. Simon – Yes
Mr. Messersmith – Yes

Motion carried.

- V. **Director of Nursing Report:** Mrs. Heckman provided the Board with a written report for their review. Dr. Firster asked what the Medi lock bags were that had been purchased. Mrs. Heckman explained that these are lockable containers for medications to keep them safe from children or teenagers. Ms. Amerine added that the Medi lock bags were purchased through the regional linkages grant, and were purchased for multiple county use, and were not all for Trumbull County.

MOTION: 24-194 made by Mr. Dubos, seconded by Mr. Simon to accept the Nursing Director's written report as provided.

Roll Call Vote:

- Mr. Adovasio – Yes
- Mr. Biery – Yes
- Mr. Dubos – Yes
- Dr. Firster – Yes
- Mr. Simon – Yes
- Mr. Messersmith – Yes

Motion carried.

- VI. **Director of Environmental Health Report:** Mr. Wilster provided a written report to the Board for their review. Mr. Dubos asked, since it had been reported that Lafarge will be suspending their taking of materials, if the health district was still conducting inspections at Lafarge. Mr. Wilster indicated that inspections are still ongoing as normal.

MOTION: 24-195 made by Mr. Adovasio, seconded by Dr. Firster to accept the Environmental Director's written report as provided.

Roll Call Vote:

- Mr. Adovasio – Yes
- Mr. Biery – Yes
- Mr. Dubos – Yes
- Dr. Firster – Yes
- Mr. Simon – Yes
- Mr. Messersmith – Yes

Motion carried.

- VII. **Grants Coordinator Report:** Ms. Amerine provided a written report to the Board for their review. Ms. Amerine added that the regional linkages grant, which was spoken of under the Nursing Director's report, is a contract with Summit County, wherein we help to distribute overdose prevention material. The COVID Bridge Vaccination Grant has been extended to June 30, 2025, and we will be receiving an additional \$20,000 to host flu clinics with farmers and agricultural personnel in our county due to the avian flu variant. A budget revision was submitted for our Integrated Harm Reduction grant, as it was extended to December 31, 2024; so, we will be receiving an additional \$14,000, for a total of \$95,000. We were also informed on the ODH call this morning, that with the 5-year Public Health Workforce grant, depending upon accreditation status, health districts will be receiving up to \$50,000 to help with accreditation efforts.

Mr. Messersmith asked what the plan was with regard to vaccinating the farmers and agricultural workers. Mrs. Heckman stated that the health district was setting up outreach clinics, and she was working with OSU Extension and the Farm Bureau to get those clinics scheduled.

Mr. Dubos inquired as to how the mosquito control grant money was divided up. Ms. Amerine stated that we only receive \$10,000, so an email is sent out to all the political subdivisions in December asking for anyone interested to get back with her. The money is then divided up equally depending upon how many apply.

MOTION: 24-196 made by Mr. Dubos, seconded by Mr. Simon to accept the Grants Coordinator's written report as provided.

Roll Call Vote:

- Mr. Adovasio – Yes
- Mr. Biery – Yes
- Mr. Dubos – Yes
- Dr. Firster – Yes
- Mr. Simon – Yes
- Mr. Messersmith – Yes

Motion carried.

- VIII. Accreditation Coordinator Report:** Mr. Bonacker provided a written report to the Board for their review. Mr. Bonacker added that we will receive our application for re-accreditation on October 1, 2024, and will have until December 31, 2024, to complete and submit it. This is the first step in the re-accreditation process.

MOTION: 24-197 made by Mr. Biery, seconded by Dr. Firster to accept the Accreditation Coordinator's report as provided.

Roll Call Vote:

- Mr. Adovasio – Yes
- Mr. Biery – Yes
- Mr. Dubos – Yes
- Dr. Firster – Yes
- Mr. Simon – Yes
- Mr. Messersmith – Yes

Motion carried.

- IX. Health Educator Report:** Mr. Kriebel provided a written report to the Board for their review.

MOTION: 24-198 made by Dr. Firster, seconded by Mr. Adovasio to accept the Health Educator's report as provided.

Roll Call Vote:

- Mr. Adovasio – Yes
- Mr. Biery – Yes
- Mr. Dubos – Yes
- Dr. Firster – Yes

Mr. Simon – Yes
Mr. Messersmith – Yes

Motion carried.

X. Board Report: None

XI. Old Business: None

XII. New Business: A. RESOLUTION – Appointment of Local Suicide Fatality Review Committee for Trumbull County. Tiffany Feskanin of the Trumbull County Coroner’s office participated via Zoom. Mr. Migliozi stated that he had received notification from the coroner’s office about the alarming rate of increased suicides that are occurring in our county, and a representative from the coroner’s office reached out to him about forming a local suicide fatality review committee, which is similar to our child fatality review and overdose review committees. ORC 307.641 through ORC 307.649 outlines the procedure for creation of a county-based suicide fatality review committee. Mr. Migliozi stated that after his conversation with the coroner’s office, he was in full agreement with the need for establishment of this committee, which would not only review the deaths, but also try to find ways to reach individuals to prevent these deaths from occurring. If the Board passes this resolution, it will be sent to the Trumbull County Commissioners for them to establish this committee, and pursuant to ORC appoint the Health Commissioner as the chair.

Mr. Migliozi recommended that the Board pass this resolution.

Mr. Dubos asked if they were seeing any certain age group that has noted a larger increase in suicide related deaths. Ms. Feskanin stated that they were not necessarily seeing a certain age group, but mostly males in the rural areas, and the median group is about 25-55 years of age.

MOTION: 24-199 made by Dr. Firster, seconded by Mr. Simon to adopt a resolution for Appointment of a Local Suicide Fatality Review Committee for Trumbull County as follows:

WHEREAS, the Trumbull County Board of Health is interested in ensuring the safety and well-being of all residents of Trumbull County; and

WHEREAS, Dr. Lawrence M. D’Amico, Coroner for Trumbull County stated the need to establish a suicide fatality review committee due to “...an alarming increase in suicide deaths throughout the county in the last two years.” of 28%; and

WHEREAS, Ohio Revised Code Sections 307.641 through 307.649 outlines a procedure for creation of a county-based suicide fatality review committee; and

WHEREAS, a suicide fatality review committee is a group of local multi-disciplinary organization representatives who come together to discuss risk factors and circumstances surrounding a death by suicide in order to recommend local prevention strategies; and

WHEREAS, a suicide fatality review committee would investigate all suicides to determine commonalities; and

WHEREAS, Ohio Revised Code, Section 307.642, details what members are required to be a part of the suicide fatality review committee, which includes the county health commissioner, a representative from the county’s mental health board, a representative of the county sheriff’s office or local chief of policy, a physician licensed in accordance with Ohio Revised Code, Section 4731, a public health officials and a coroner’s office representative;

NOW, THEREFORE, BE IT RESOLVED that the Board of Health of Trumbull County requests that the Trumbull County Commissioners, pursuant to Ohio Revised Code 307.641(A), appoint Health Commissioner Frank Migliozi of the Trumbull County Combined Health District to establish a Suicide Fatality Review Committee to review deaths by suicide occurring in Trumbull County. The initial charter members of the committee shall be comprised of the following:

1. Frank Migliozi, Health Commissioner, Trumbull County Combined Health District
2. Tiffany Feskanin, Forensic Investigator, Trumbull County Coroner’s Office
3. Representative, Trumbull County Mental Health Board
4. Representative, Trumbull County Law Enforcement Agency
5. Licensed Physician who holds a certificate issued pursuant to Chapter 4731 of the Ohio Revised Code authorizing the practice of medicine and surgery or osteopathic medicine and surgery.
6. Warren City Health Commissioner (or his designee)

IN WITNESS WHEREOF, we have signed our names this 25th day of September, 2024.

Roll Call Vote:

- Mr. Adovasio – Yes
- Mr. Biery – Yes
- Mr. Dubos – Yes
- Dr. Firster – Yes
- Mr. Simon – Yes
- Mr. Messersmith – Yes

Motion carried.

B. TCCHD Building Emergency Annex Revisions – This plan has been in place for many years, and with our recent move we had to update it to meet the needs of operation out of our new building.

MOTION: 24-200 made by Mr. Dubos, seconded by Mr. Biery to approve the amended TCCHD Building Emergency Annex revisions as presented.

Roll Call Vote:

- Mr. Adovasio – Yes
- Mr. Biery – Yes
- Mr. Dubos – Yes
- Dr. Firster – Yes
- Mr. Simon – Yes
- Mr. Messersmith – Yes

Motion carried.

C. Adoption of Low-Risk Mobile Food Service Operation Fee – Changes were made to Ohio Administrative Code 3701-21 rules for food service operations. These changes take effect September 1, 2024, which adds a new code section that states that a low-risk mobile fee will be 50% of the mobile food service operation fee. This is similar to what the Ohio Department of Agriculture did a couple months ago. Normally, any change to a fee would need three readings and a public hearing, but since the Ohio Department of Health just made this change there is not enough time to have the three readings and hold a public hearing. Mr. Wilster requested that the Board pass this motion as an emergency

MOTION: 24-201 made by Mr. Biery, seconded by Mr. Adovasio to pass, by emergency measure, the adoption of a low-risk mobile food service operation fee of \$53.94, which is 50% of the health district’s current mobile food service operation license fee.

Roll Call Vote:

- Mr. Adovasio – Yes
- Mr. Biery – Yes
- Mr. Dubos – Yes
- Dr. Firster – Yes
- Mr. Simon – Yes
- Mr. Messersmith – Yes

Motion carried.

D. Declaration of Unfit for Human Habitation – 1345 Depot St., Weathersfield Twp., James Vargo, Owner – Not present. A request was received from Weathersfield Township Zoning to determine if this structure was fit for human habitation. Upon inspection on August 27, 2024, the inspector noted missing roof and/or exterior finishes, missing or badly damaged ceiling tiles, walls and/or flooring, the presence of solid waste, mold & moisture contamination, rodent and/or insect infestation and gross unsanitary conditions.

MOTION: 24-202 made by Dr. Firster, seconded by Mr. Dubos to declare the structure at 1345 Depot St., Weathersfield Twp., unfit for human habitation.

Roll Call Vote:

- Mr. Adovasio – Yes
- Mr. Biery – Yes
- Mr. Dubos – Yes
- Dr. Firster – Yes
- Mr. Simon – Yes
- Mr. Messersmith – Yes

Motion carried.

E. Variance Request – Joseph Shardy, 4976 Phillips Rice Rd., Mecca Twp. – Mr. Shardy was not present, but Mark Shohayda, Mr. Shardy’s neighbor was present. Mr. Shardy is in the process of upgrading the septic system at this property, which will consist of an off-lot system. Upon laying out the system, it was determined

that the grinder pit could not comply with the required 10-foot distance from the line. A letter is usually sent to the neighbor notifying them of this variance, and Mr. Shohayda is present and would like to address the Board.

Mr. Shohayda thanked the Board for allowing him to ask his questions, and asked what part of the system could not meet the requirements. Mr. Wilster stated the grinder pump cannot meet the 10-foot distance from the property line. Mr. Shohayda asked if what he has put in meets all the other requirements. Mr. Wilster stated that yes, except for the grinder pump. Mr. Shohayda asked the number of bedrooms and bathrooms in the home. Mr. Wilster told him, but added that, per state code, a septic system is sized based on the number of bedrooms, and not the number of bathrooms.

Mr. Shohayda asked the code section that allows the authority to grant a variance from the rules. Mr. Wilster told him that the code section was OAC 3701-29-22 and read him the section. Mr. Shohayda further expressed his displeasure with Mr. Shardy and the granting of this variance.

Mr. Simon stated that he would make a motion to grant the variance so that the Board could discuss the matter, seconded by Mr. Adovasio.

Mr. Simon then confirmed that the variance was for the grinder pump and not the tanks. Mr. Wilster stated that was correct, because he has a lot of landscape and hardscape, the tanks are in the back. The grinder comes out of the house, grinds it up and sends it back to the tanks, and the grinder pump is what cannot meet the distance requirements from the property line. Mr. Simon stated that it is not noted in the information, and asked how close the grinder would be to the property line, and if the grinder would be noisy if his house was right next to it. Mr. Wilster stated that Mr. Shohayda's house would not be right next to it, but did not know if it would be noisy or not. Mr. Simon explained that what he was looking for was whether this would be a disturbance to his life on his property. Mr. Shohayda answered that right now no, but if he wanted to sell the property to build a home, he felt that it would be. Mr. Wilster looked through the file and stated that it was not noted exactly how close it would be, just that it would not meet the distance requirement of 10-feet.

Following discussion, Mr. Simon and Mr. Adovasio withdrew their motion to grant the variance.

Mr. Simon requested that Mr. Wilster ask the installer to go out to the property and measure the distance of the grinder pump to the property line.

MOTION: 24-203 made by Mr. Simon, seconded by Mr. Adovasio to table the variance request from Joseph Shardy, 4976 Phillips Rice Rd., Mecca Twp, until further information can be obtained regarding the distance.

Mr. Wilster asked for clarification as to whether the Board wanted the installer, or one of the inspectors to go out to take the measurements. Mr. Simon stated that he felt it should be the installer. Mr. Wilster stated that he would contact Ryan Yoho, the installer, and request that he measure the distance. Mr. Shohayda stated that he would like to be there. Mr. Wilster responded that he would tell Mr. Yoho that Mr. Shohayda would like to be there. Dr. Firster added that he would go out and look at the property also.

Roll Call Vote:

Mr. Adovasio – Yes
Mr. Biery – Yes
Mr. Dubos – Yes
Dr. Firster – Yes

Mr. Simon – Yes
Mr. Messersmith – Yes

Motion carried.

XIII. Citizens Comments: None

XIV. Executive Session: MOTION: 24-204 made by Dr. Firster, seconded by Mr. Adovasio to go into executive session to discuss pending litigation.

Roll Call Vote:

Mr. Adovasio – Yes
Mr. Biery – Yes
Mr. Dubos – Yes
Dr. Firster – Yes
Mr. Simon – Yes
Mr. Messersmith – Yes

Motion carried.

MOTION: 24-205 made by Dr. Firster, seconded by Mr. Adovasio to reopen to public session.

Roll Call Vote:

Mr. Adovasio – Yes
Mr. Biery – Yes
Mr. Dubos – Yes
Dr. Firster – Yes
Mr. Simon – Yes
Mr. Messersmith – Yes

Motion carried. (Closed 1:56pm – Reopened 2:32pm)

XV. Approval of Payment of the Bills: MOTION: 24-205 made by Dr. Firster, seconded by Mr. Biery to approve the payment of the bills as presented.

Roll Call Vote:

Mr. Adovasio – Yes
Mr. Biery – Yes
Mr. Dubos – Yes
Dr. Firster – Yes
Mr. Simon – Yes
Mr. Messersmith – Yes

Motion carried.

MOTION: 24-206 made by Mr. Dubos, seconded by Mr. Biery to authorize the Health Commissioner to enter into an agreement with the legal firm of Baker, Dublikar, Beck, Wiley & Mathews to pursue potential legal matters.

Roll Call Vote:

- Mr. Adovasio – Yes
- Mr. Biery – Yes
- Mr. Dubos – Yes
- Dr. Firster – Yes
- Mr. Simon – Yes
- Mr. Messersmith – Yes

Motion carried.

XVI. Date of Next Regular Meeting: October 23, 2024

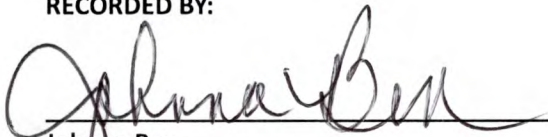

XVII. Adjournment: MOTION: 24-207 made by Mr. Simon, seconded by Mr. Adovasio to adjourn.

Roll Call Vote:

- Mr. Adovasio – Yes
- Mr. Biery – Yes
- Mr. Dubos – Yes
- Dr. Firster – Yes
- Mr. Simon – Yes
- Mr. Messersmith – Yes

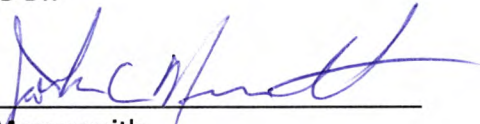

Motion carried. (Adjournment 2:35pm)

RECORDED BY:

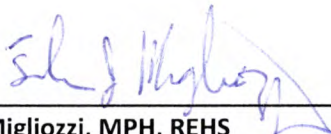

Johnna Ben
Administrative Coordinator
Trumbull County Combined Health District

ATTESTED BY:

John C. Messersmith
President
Trumbull County Board of Health

For

Frank Migliozzi, MPH, REHS
Health Commissioner and Secretary
Trumbull County Board of Health

1) Budget/Financial

- Attached is the monthly financial report for August 2024. The general fund was at a positive cash balance of \$730,743.28, for the month of August. Our all fund balance for the month of August was at \$2,783,280.89.

2) Credit Card

- Two of the three credit cards have been renewed and will expire in 2027. The remaining credit card will expire in June of 2027.
- For the credit card transactions, please see the list of bills.

3) Vehicles

- Attached are the cost analyses for the month of August 2024 for the vehicles. The overall cost savings with the vehicles, for the month of August was \$4,237.46, with YTD savings of \$20,110.73.
- We currently are working on getting our trailer re-logoed with our new seal to match the vehicles.

4) Building/Grounds

- As of the writing of this report, I have no update with regard to the roof repairs but will keep the Board updated as information becomes available.
- One of the air conditioning units has been leaking, causing some interior damage, and a new coil is needed. We have been working with Thompson Mechanical and they have ordered a new coil. We are hoping that this is repaired in the next couple of weeks.
- Discussions regarding the 911 Center relocating to our building were had with the 911 Director. I will keep the Board updated as information becomes available.
- A dumpster was rented, and staff completely cleared out the house, garage and barn in preparation to have it torn down. We do not have a date as to when demolition will occur, but I will keep the Board updated as this project moves forward.

5) Union/Management

- None

6) Policies/Procedures – Revisions

- ADM 1100 – Vehicle & Equipment Use
- ENV 1210 – Public Pools & Spas

7) Accreditation

- We are continuing to review/evaluate our policies and procedures, and as always, any revised policy will be listed on my monthly report, and any new policies will be brought before the Board for your approval.
- We are in the process of preparing documents with a narrative for each domain to be ready to submit later this year. Dan Bonacker is collecting the data and drafting a narrative for each standard and measure, and then I am reviewing each one to ensure it complies with what PHAB is looking for.

8) Other

- Lafarge is in the process of re-evaluating all of their operations, including their Lordstown facility. As a result, they have decided to pause the acceptance of construction & demolition debris waste for an undisclosed period of time, beginning September 16, 2024. They do not wish to close the facility, only pause the acceptance of waste at this time. As such, we will be receiving a renewal application, which must be acted upon at the December meeting. We have notified the Ohio EPA.
- The CDC issued a health advisory on August 16, 2024, pertaining to increased Oropouche virus activity and associated risk to travelers to parts of the Americas region and the Caribbean region. Between January 1 and August 1 of 2024, there have been more than 8,000 cases of Oropouche virus and 2 deaths. Countries reporting cases include Brazil, Bolivia, Peru, Colombia and Cuba. In the United States, the cases have been

travel related to these regions. Oropouche virus is vector borne between mosquitoes and non-human vertebrates where humans become infected while visiting forested areas. Humans contribute to the transmission cycle where an infected human is bitten by a midge or certain mosquitoes and they in turn, bite an uninfected human. Symptoms include the acute onset of fever, chills, headache, myalgia and arthralgia. Other symptoms may include nausea, vomiting, diarrhea or fatigue. Public health agencies are asked to issue prevention messages for travelers and pregnant persons, as well as to enhance surveillance for Oropouche virus disease cases for travelers and to report confirmed cases to CDC.

- As you are aware, Steward announced the closure of Trumbull Regional Hospital and Hillside Hospital. As a result of this announcement, a collaborative effort is being made to save the 2 facilities. I am also advocating with this group to save the sites from closure and was recently on a Zoom call with local and state officials to state my concerns. I have the points I made attached to this report for your review.

- Our Community Health Assessment opinion survey indicated that 18.9% of the county has problems accessing health care. When you take into consideration socio-economic status and poverty level, this percentage jumps to 24% for those who make less than \$50,000 per year. The average annual income in Warren, Ohio, according to the latest American community survey through the census, is only \$42,840.00

- It is important to mention that only 75.6% of the community health assessment survey respondents report having a primary care physician. The remaining 24.4% reported using other means to access health care, such as a hospital emergency room.

- Trumbull County and Warren City currently have a disproportionate ratio of number of patients per physicians when compared to state ratios.
 - Trumbull County reports 2,200 patients for every 1 physician, and the state ratio is 1,300 to 1.
 - For primary care physicians, the ratio for Trumbull County is 2,030 to 1, while Ohio is 710 to 1.
 - Closing another hospital would only serve to exacerbate this already strained ratio, and diminish patient care quality by reducing the amount of time a patient will actually see their physician.

- Most of the health care facilities in Trumbull County are clustered in the southern portion of the county, where the roughly 80% of the county's total population resides, which is also where Warren City is located. Slightly over 35% of Warren City's population live at or below the federal poverty line. 11% of respondents to the Community Health Assessment survey indicated they rely on public transportation to access health care. If the hospital is closed, these impoverished residents, who already lack transportation, would be hard pressed to find adequate health care or emergency care in a timely fashion, and be able to get there reliably.

- Western Reserve Health Education, who manages the residency program at Steward, provides Title X reproductive health services for both men and women, including women's health, STI testing, contraception, reproductive health screenings and family planning. Lack of this service creates another disparity in receiving preventative reproductive health services for our residents in the county, but specifically the surrounding Warren area.

Monthly Updates |

Faith-Based Partnerships and Vaccination

AUGUST 2024

Upcoming Events

September Community of Practice (CoP)

Thursday, September 12, 2-3 pm ET

Topic: Fall Respiratory Season | [Register here](#)

This month's topic is "fall respiratory season" and the focus will be on the big three: flu, COVID-19, and respiratory syncytial virus (RSV). This CoP will feature YB Consultants, Dr. Yabo Beysolow, and will include plenty of time for hands-on discussion and peer sharing.

September Office Hours

Thursday, September 19, 2-3 pm ET | [Register here](#)

During this month's office hours, we are going to change things up a bit and will be focusing on lessons learned and future plans, while also celebrating the incredible work everyone has done to increase vaccine uptake in faith-based communities! You don't want to miss it!

Month in Review

Conversation Cards

[\[foldable version\]](#). [\[front/back version\]](#).

To increase community conversations about vaccines, YBC created conversation cards that include common questions about vaccines, as well as up-to-date answers that were written in plain language. The cards are intended to open lines of communication with your audiences and facilitate mutual understanding about vaccines in a nonthreatening, easily implementable way. There is a [flyer](#) and the cards are available as power point documents, and can be customized to meet each organization's brand standards. Be sure to review the [overview document](#) for more information.

Don't we receive natural immunity?
Why isn't that better than getting vaccinated?

August CoP | [\[Zoom recording\]](#). [\[slides\]](#)

Our August CoP session featured a presentation by YB Consultants, Rev. Andrea Jallah and Irene Nyanuba. The presentation helped participants rethink their engagement strategies, including pre-engagement, engagement, and post-engagement strategies. Sustainability and evaluation practices were also discussed. Participants also shared their experiences of a satisfying engagement with an FBO and how they could empower FBO leaders to be trusted messengers.

August Office Hours | [[Zoom recording](#)]
[[slides](#)]

During August's office hours, we reviewed engagement strategies and post-engagement strategies.

Sites were given an overview of common terminology used by different religions, tips on engaging the Muslim faith, and participated in an interactive cold-call role playing scenario.

Several resources used by a local health department were shared as examples, including a flyer, a tracker tool, engagement forms, and mapping.

Spotlight on Trumbull

Overview

For this month's newsletter spotlight, YBC connected with Maria O'Brien and Erin Heckman from Trumbull County, Ohio. While they've made significant strides working with the Amish community and understanding their culture, this Spotlight will focus on another of their faith-based partnerships: the Bezetta Christian Church (BCC). This collaboration, which began before Maria and Erin joined the project, has not only helped increase vaccine uptake within the BCC congregation but has also helped them expand their reach by giving them access to an 11-church network known as Lakeview Outreach and Fellowship (LOAF). Overall, Trumbull county is doing outstanding work in amplifying their impact on vaccination uptake!

Partnership

The partnership between the health department and BCC has been a cornerstone of Trumbull County's initiatives to improve immunization rates within the community. The partnership between the health department and BCC has been key to improving vaccination rates in Trumbull County. It started during the COVID-19 pandemic when the church became an important site for administering vaccines. Since then, the relationship has grown, with the health department working closely with the church's daycare and outreach programs to offer immunization services to more people. This collaboration has helped the health department connect with different age groups within the church, building a strong and lasting partnership that goes beyond the initial project. A key achievement was Maria's outreach, where she attended a Sunday service to hand out educational materials and answer questions from the congregation.

Successes

The partnerships Trumbull County has built are already showing positive results. While the data is still being analyzed, they are confident it will demonstrate increased vaccine compliance in their communities. Even without the final numbers, their hard work is evident, as word-of-mouth about the health department's services continues to spread, amplifying their impact in the community. Erin also shared their excitement about the new conversation cards YBC created for the NACCHO sites and is eager to use them to boost engagement at future events!

Challenges

Transportation issues posed a substantial challenge, particularly for low-income individuals who struggled to access vaccination sites due to limited public transit options. Although these challenges were outside the direct control of the health department, they highlighted the need for continued efforts to address disparities in healthcare access.

To: Trumbull County Combined Health District Board

From: Dan Bonacker, MPH, EHSIT, Accreditation Coordinator

RE: Board Report (9/25/2024)

-
- **Accreditation:**
 - **Strategic Plan (S.P.):**
 - The strategic planning dashboards for 2024 continue to be displayed in the mail room on the bulletin board for all TCCHD employees to view. The TCCHD has met every strategic plan priority, goal, and objective for the first 3 years of the plan (2021, 2022, and 2023), and is currently on track to finish 2024 in the same fashion.
 - **Performance Management (PM):**
 - The performance management objectives for the 2nd quarter of 2024 are still posted in the communal area (mail room) of the TCCHD for all to view. The third quarter objectives are slated for collection and posting in October 2024.
 - **Re-Accreditation Work:**
 - We are slated to tentatively receive our application for reaccreditation from PHAB on October the 1st 2024. The core accreditation has been kept abreast of the current extensive and complex reaccreditation timeline and itinerary via email sent on 9-11-2024.
 - Domains 1-6 are done.
 - I have begun work on domain 7.
 - I am still working on building domain teams for each domain.
 - We have resumed Re-Accreditation Meetings that occur roughly every two weeks or more frequently if needed.
 - **Workforce Development (WFD):**
 - The cultural calendar for September of 2024 has been posted to the communal area near room 11/media room near the mailboxes.
 - The TCCHD has begun to participate in the PHwins national survey (Public Health Workforce Interests and Needs Survey). This survey is highly instrumental in informing and guiding our own Workforce Development Plans and initiatives, and the TCCHD has taken this survey previously in 2022.
 - The next EIWLBC meeting did take place on 9-26-2024 from 12 – 1.

- **Quality Improvement (QI):**
 - The QI project for the policy and procedure policy (ADM-1000) was revisited, and several time saving measures were implemented within the policy regarding external documents tags, and the updating of policies related to such.
- **Community Health Assessment/Community Health Improvement Plan (CHA/CHIP):**
 - The TCCHD was successful in acquiring the appropriate funding for the ArcGIS subscription and components, and we have begun the process to purchase these products and gather the necessary data from our Epi. team to build our visual access to care component.

Report of the Health Educator
Trumbull County Combined Health District
Kris Kriebel
Updates for September 25th Board Meeting
